

# IVECO tow truck KIT

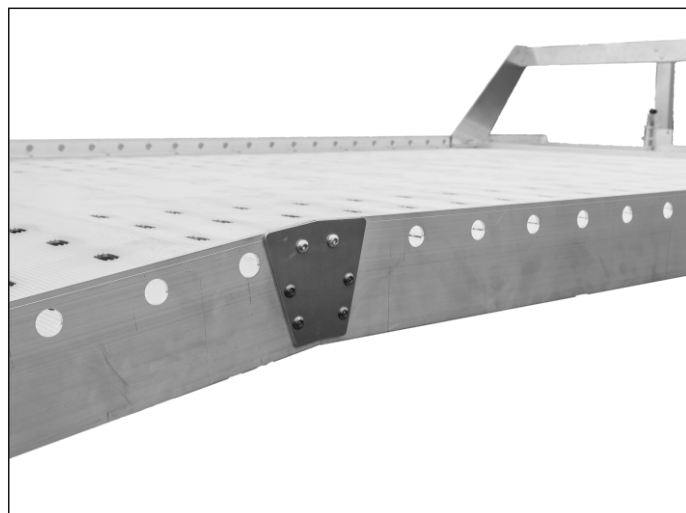

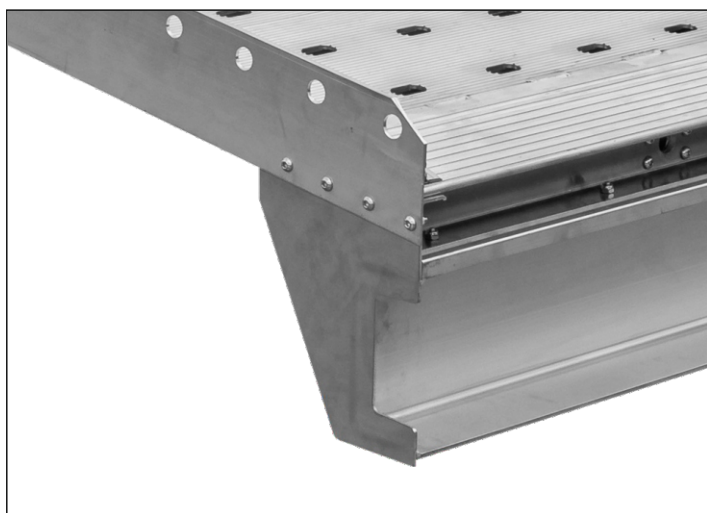

**Tow truck KIT, for self assembly,  
designed for IVECO Daily.**

**New design**  
Aerodynamic look  
and unified shape .

# Advantages:

**Simplified konstruktion**

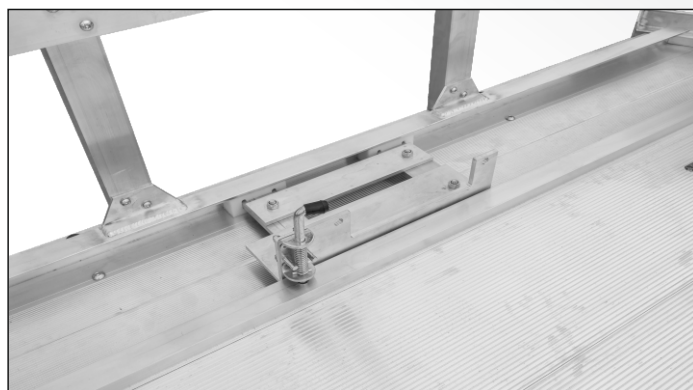

**Less elements**

**New, simpler assembly instrukcion**

## T200 subframe.

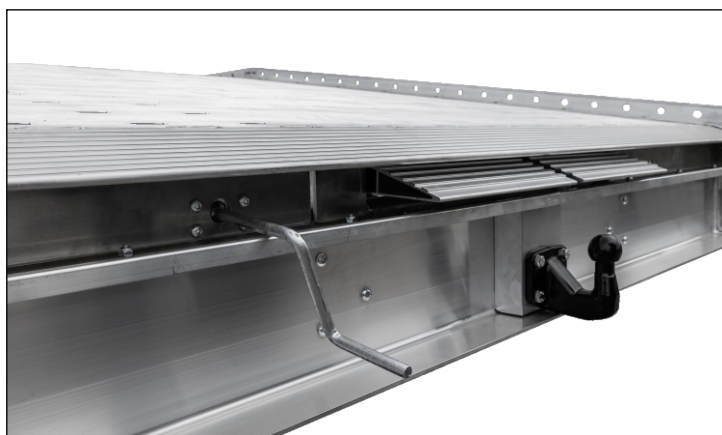

## Movable winch bed.

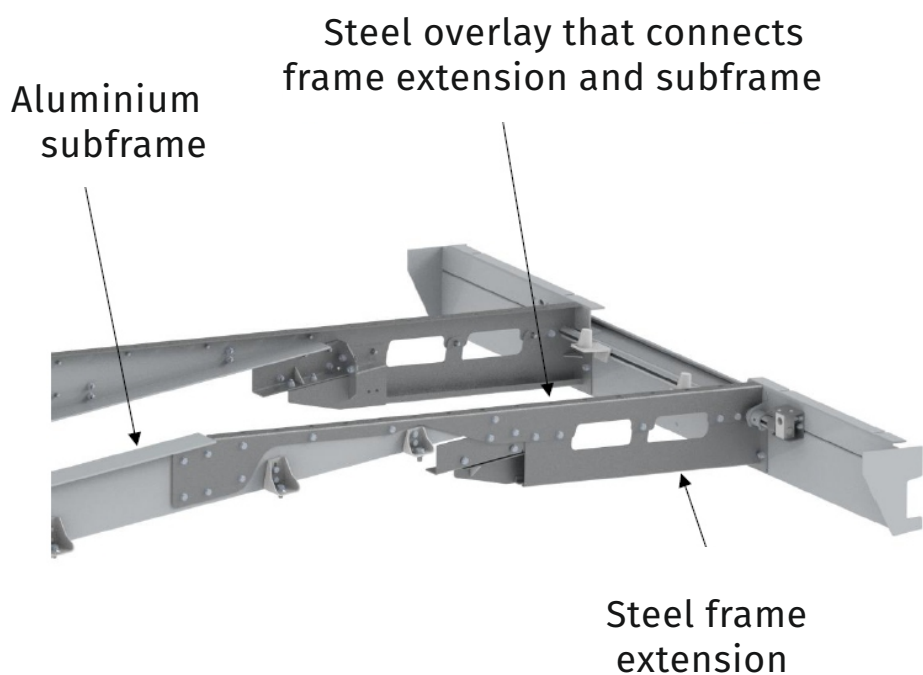

## Improved ramp blocking system.

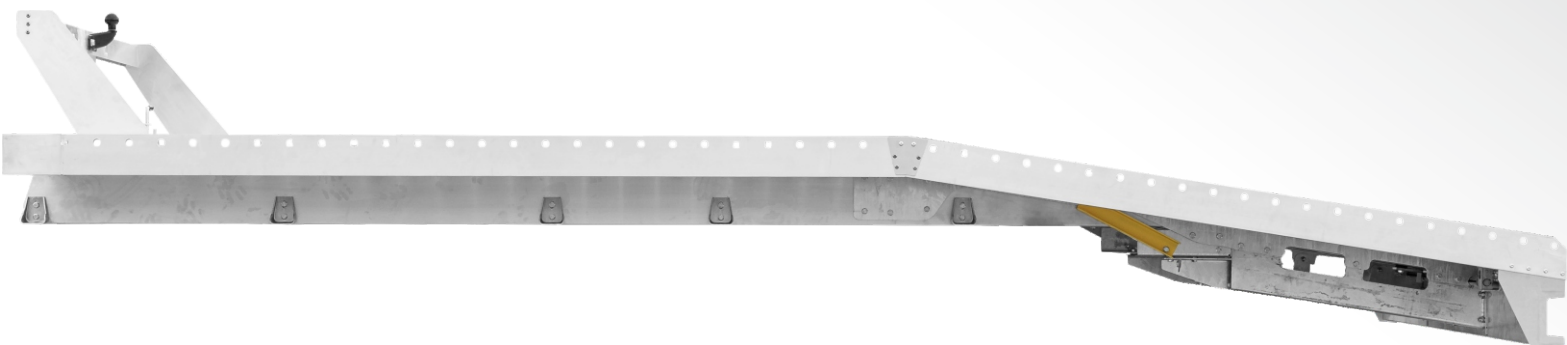

The new ramps blocking system uses a crank for opening and closing the blockade, making it safer and less liable for unauthorised use. For more protection there is a lashing eye, that could be secured by a padlock.

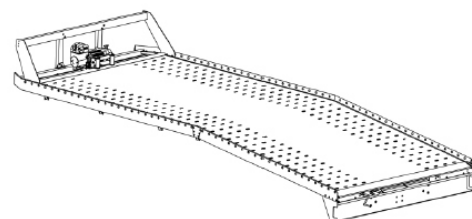

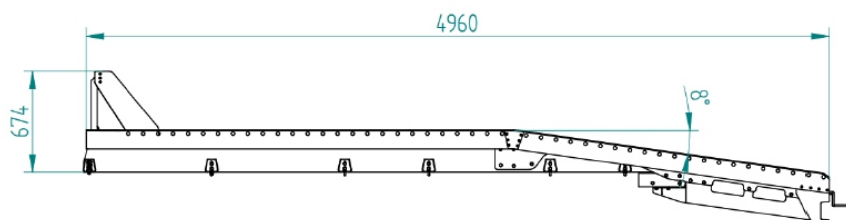

## Optimized structure of the frame extension.

Now the frame extension is more integrated with the subframe. The surface of the floor is smoother and less liable for waveing.

## Technical data

**Length: 4960 mm**  
**Width: 2107 mm**  
**Length of the ramps: 2350 mm**  
**Weight: ca. 330 kg**
